RE: Request for Accommodation by Deputy Jerry McKinney

Dear Sheriff Hilton:

I appreciate your quick response to my letter requesting an accommodation due to my disability resulting from a stroke.

In your letter you indicate that there are no eight-hour shifts for correctional officers. My request for an accommodation is to work in any other section of the sheriff's office which may have eight-hour shift. As a deputy I have worked in various other areas and most recently worked in courthouse security on an eight-hour shift successfully until my recent transfer. I would like to request that I be assigned to a job in a section of the office in which an eight-hour shift is available.

Although, I appreciate your suggestion that I retire. I do not want to retire at this time and feel that I can continue my career at the sheriff's office very successfully.

Yours Truly,

Jerry McKinney
